

PRINCIPALITY OF SEALAND

Prime Minister

**Termination of the Friendship and Consular Treaty
between the German Reich
and
the Principality of Sealand
of December 31, 1998, ratified on March 19, 1999**

Based on experiences made over 14 years we are forced to note that the SHAEF legislator USA responsible for this treaty was from the outset and still is not interested to instigate through negotiations a peace treaty with the German Reich – long overdue for all of Europe – to end the Second World War, including the revocation of the Enemy State Clause (Art. 53 and 107 of the UN Charta) as well as the cancellation of the List of Enemy States. We will now proceed to implement the Resolution 11/98 der Government of the Principality of Sealand to safeguard the interests of the German Reich as well as those of the Principality of Sealand.

We regret this development, but – based on recent events – we see no further options for any negotiations.

(Johannes W. F. Seiger)
Prime Minister of the Principality of Sealand

Given in Berlin on May 8, 2013
