

December 7, 2004: Press Release by the Governmental Commission VRILIA

Following the article “Hitlers geheime UFO-Pläne” (Hitler’s secret UFO plans) published on December 6, 2004, in the daily newspaper **BILD** and concurrently on www.bild-t-online.de, the Governmental Commission VRILIA of the Principality of Sealand decided – without commenting on the BILD article –, to publish a few original photographs of flying disks that had been developed during the Third Reich. Technical data will follow.

Haunebu II, 1945

Haunebu III, diameter over 70 m, at the right a conventional jet, behind in the hangar a “flying-wing aircraft”

Several Haunebu III in a test flight, accompanied by some “flying-wing aircraft”
